

## Canine Massage Therapy Workshop

**Presenter:** Leigh Musclow. Registered Veterinary Technician

Leigh graduated from Ridgetown College, University of Guelph as a Veterinary Technician in 2000. She has been Registered and working as a Vet Tech with the Loyalist Veterinary Hospital since 2001. In 2012 she completed studies at the Canine Rehabilitation Institute and has upgraded her skills by attending seminars in Myofascial Release, Canine Sports Medicine and Hydrotherapy. She has completed over 800 hours of training under Dr. Cherie White at Arlington Park Fitness and Rehabilitation Centre. She currently works closely with Dr. Andrea Sorichetti, a Certified Animal Chiropractor.

**Time and Place:**

Sunday, October 28, 2018  
Loyalist Veterinary Clinic  
360 Bell Blvd., Belleville, On K8P 5H8

**Format:**

This workshop will have two sessions, 9 am to 11 am and 1:30 pm to 3:30 pm. Each session will have 5 working spots and 5 auditing spots. Those with working spots will bring a dog, a suitable crate, treats, and a pad for the floor. They will get to apply the massage techniques, described and demonstrated by Leigh, to their own dog. The workshop will follow a format whereby instruction regarding a particular muscle group will be followed by actual practice on that group. Auditors will be paired with working group members and asked to assist and video their working group partner.

**Cost:** Working spots are full: \$30.00 for an auditing spot.

**Registration:** To register, send a cheque with your reservation request to: Chris Spencer, 601 Victoria Avenue, Belleville On., K8N 5E7. E-transfers to [cspencer@cogeco.ca](mailto:cspencer@cogeco.ca) will also be accepted. Indicate your preference of morning or afternoon.
