

Note to All Obedience and Rally trial competitors from the Trial Secretary.

Thank you for entering our 2018 trial in Belleville. There were various methods used to enter the trial and we were pleased that all of these were available and used.

The most convenient method for me to receive entries was from people using dogshow.ca. Entries were received accurately and immediately. I heard from those using that service that the process was very simple.

For the first time this year, we also provided a fillable pdf entry form that allowed owners to fill in the entry form on their computer or I-Pad, print it off and send it to the secretary with their entry. I hope this will be used more in future trials so it is clear what the dog's name and titles etc. are and competitors will not have to notify the secretary of errors made on the entry.

Looking forward to our Agility Trials in May, our Conformation show in October and next year's Obedience/Rally trials.

Sandra
